PARTNER PROGRAM TERMS AND CONDITIONS

These Partner Program Terms and Conditions (the “Program Terms”) govern participation in the Coingarage Partner Program (the “Partner Program”) operated by Coingarage US LLC, a Montana domestic, manager-managed limited liability company (Montana entity no. C1586676), principal office: 1001 S MAIN ST, STE 600, KALISPELL, MONTANA 59901, USA (“Coingarage,” “we,” “us,” or “our”).

By applying to the Partner Program, clicking to accept these Program Terms, accessing the Partner Program dashboard, using a Partner Link or Partner Code, or accepting a Commission, you agree to these Program Terms. If you do not agree, do not participate in the Partner Program.

These Program Terms supplement the Coingarage General Terms and Conditions, Privacy Notice, applicable Service Terms, fee schedules, campaign rules and any Commission Schedule expressly incorporated into the Partner Program. If there is a conflict, these Program Terms control only with respect to participation in the Partner Program, unless another document expressly states that it controls.

Definitions

Defined term	Meaning
Account	A Coingarage user account through which a customer or Partner accesses the Platform and Services.
Bonus Account	An internal Coingarage account or ledger used to display Partner Program rewards or Commissions where this functionality is enabled. It is not a bank deposit account.
Commission	Compensation earned under the Partner Program for Qualifying Activity, calculated under the applicable Commission Schedule.
Commission Schedule	The current rates, commission bases, levels, campaign rules, minimum payout requirements and other economic terms shown in the Partner Program dashboard or otherwise made available by Coingarage.
Partner	A person or legal entity approved by Coingarage to participate in the Partner Program.
Partner Network	Where enabled, the Partner’s network structure consists of direct and indirect Partner relationships tracked by the Platform.
Platform	The Coingarage digital-asset platform is made available through https://coingarage.us, mobile applications, APIs and other interfaces designated by Coingarage.
Qualifying Activity	A completed customer or product activity that satisfies the conditions in the applicable Commission Schedule and is not excluded, reversed, refunded, charged back, fraudulent or otherwise disqualified.
Partner Code / Partner Link	A code, URL or other tracking identifier assigned or approved by Coingarage to attribute a Partner Network Member or other eligible activity to a Partner.
Partner Network Members	A person whose eligible relationship with Coingarage is attributed to a Partner under the tracking and attribution rules of the Partner Program.

Defined term	Meaning
Services	The Coingarage services made available to eligible users under the General Terms and applicable Service Terms.
Supported Jurisdiction	A jurisdiction in which Coingarage expressly makes the relevant Service and Partner Program activity available after considering applicable legal and regulatory requirements.

1. Scope, Enrollment and Eligibility

1.1. Program purpose. The Partner Program allows approved Partners to introduce potential customers to Coingarage and, where applicable, build a Partner Network using approved Partner Links, Partner Codes and marketing materials. The Partner Program does not authorize a Partner to provide regulated financial services on behalf of Coingarage.

1.2. Approval required. Participation is subject to Coingarage approval. We may accept or reject an application, require additional information, limit a Partner to specified products or jurisdictions, or impose reasonable compliance conditions.

1.3. Eligibility. A Partner must have legal capacity to enter into these Program Terms, provide accurate and current information, complete any identity, business, tax or compliance verification we require, and remain eligible under applicable law and Coingarage policies.

1.4. Supported jurisdictions. A Partner may market the Partner Program or Coingarage Services only in jurisdictions and to audiences for which Coingarage has authorized the relevant activity. Availability of the Platform in one jurisdiction does not automatically authorize marketing or Partner activity in every other jurisdiction. Where Partner Network functionality or network-level Commissions are enabled, the Partner Program may be made available only after Coingarage has completed any applicable multilevel-marketing, direct-selling or similar notice, filing or other regulatory requirement in the relevant jurisdiction.

1.5. Non-exclusive relationship. The Partner Program is non-exclusive. Coingarage may appoint other Partners, use other marketing channels, and acquire customers directly or through third parties.

2. Independent Contractor; No Authority to Bind Coingarage

2.1. Independent relationship. The parties intend the Partner to participate in the Partner Program as an independent contractor and not as an employee, worker, agent, broker, dealer, investment adviser, fiduciary, franchisee, legal representative, joint venturer or legal partner of Coingarage. The Partner independently determines how and when to conduct permitted Partner Program activities, subject to these Program Terms, applicable law and Coingarage's compliance and brand requirements. The Partner is responsible for its own business organization, personnel, expenses, taxes, insurance and permits. Nothing in these Program Terms overrides any status or classification that applies as a matter of mandatory law based on the actual circumstances of the relationship.

2.2. No authority. The Partner may not enter into agreements for Coingarage, accept or hold customer money or Digital Assets for Coingarage, open Accounts for customers, conduct KYC on behalf of Coingarage, bind Coingarage to any price, return, service level or other obligation, or make any statement that Coingarage has not authorized.

2.3. No financial or investment advice. Unless the Partner is independently authorized under applicable law and acts solely in that separate capacity without representing that it acts for Coingarage, the Partner must not provide personalized investment, securities, commodities, tax or legal advice in connection with the Partner Program. The Partner must not represent that any Digital Asset, trading strategy, bot, subscription or other Service is safe, guaranteed, risk-free or suitable for a particular person.

3. Partner Activity and Attribution

3.1. Approved tracking. Partners must use the Partner Link, Partner Code or other attribution method made available by Coingarage. A Partner is credited only when the Platform records the attribution under the applicable rules.

3.2. Attribution rules. Attribution windows, duplicate-partner rules, pre-existing-customer rules, campaign-specific attribution and conflict resolution are determined by the Commission Schedule and Platform records. In the absence of manifest error, Coingarage's system records control.

3.3. No self-partner or artificial activity. A Partner may not create or use multiple Accounts, self-attribute activity, arrange circular Partners, manufacture trading volume, coordinate wash trading, create artificial transactions, or otherwise manipulate the Partner Program. Related-party activity may be excluded or reviewed.

3.4. Customer choice. A Partner Network Member is a customer of Coingarage, not of the Partner. The Partner must not obstruct a customer's direct relationship with Coingarage or condition assistance on the customer making a transaction.

4. Marketing Standards and Required Disclosures

4.1. Accurate marketing. All statements about Coingarage, the Services, Digital Assets, fees, performance, promotions or the Partner Program must be truthful, current, substantiated and consistent with materials approved by Coingarage.

4.2. Material-connection disclosure. Whenever a Partner recommends, endorses or promotes Coingarage in a context where the Partner may receive compensation, the Partner must clearly and conspicuously disclose that material connection in accordance with applicable advertising law, including the FTC Endorsement Guides (16 C.F.R. Part 255). The disclosure must be understandable and placed close to the recommendation or Partner Link.

4.3. Example disclosure. An acceptable plain-language disclosure may be: "I earn a commission from Coingarage if you sign up or use eligible services through my link." A Partner must use a different or additional disclosure where required by the medium, jurisdiction or applicable law. The disclosure must not be hidden only in a profile, footer, terms page or other location that a user is unlikely to see before acting on the recommendation.

4.4. Prohibited claims and earnings representations. A Partner must not make false, misleading or unsubstantiated statements regarding Coingarage, the Partner Program, Digital Assets, trading performance, investment performance, potential earnings, Commissions or financial outcomes. A Partner must not state or imply that participation in the Partner Program is guaranteed to generate income, replace employment income, provide financial freedom, generate passive income or produce any particular lifestyle or financial result. A Partner may make an earnings or Commission-related representation only where the representation has been expressly approved by Coingarage and is supported by current and reliable substantiation appropriate to the claim and audience. Personal anecdotes, exceptional results, hypothetical examples, screenshots of individual earnings, or disclaimers such as "results not typical" or "not guaranteed" do not by themselves substantiate an earnings claim. A Partner must not make guarantees, claims of government approval, or claims that customer funds or Digital Assets are insured unless Coingarage has expressly approved the exact statement and it is accurate. In particular, a Partner must not describe Coingarage's FinCEN MSB registration as a license, certification, endorsement, approval or guarantee by FinCEN, the U.S. Department of the Treasury, the State of Montana or any other governmental authority.

4.5. Communications compliance. Partners must comply with applicable advertising, endorsement, anti-spam, telemarketing, privacy and consumer-protection laws and platform policies. Unsolicited or deceptive communications, misleading domain names, impersonation, fake reviews, fabricated testimonials, spam, harassment and unlawful automated outreach are prohibited.

4.6. Approved materials and brand use. Partners may use Coingarage names, trademarks, logos, screenshots and marketing materials only as expressly permitted by Coingarage and only for Partner Program activity. Partners may not register confusingly similar domains, social handles or paid-search keywords in a way that misrepresents affiliation or ownership.

5. Partner Network and Network-Level Commissions

5.1. Partner Network. Where enabled, the Partner Program may allow a Partner to introduce other Partners and to view direct and indirect Partner relationships in the Partner Program dashboard. Partner Network relationships are used for attribution, reporting and, where expressly provided in the Commission Schedule, calculation of network-level Commissions. A Partner Network position by itself does not create a right to compensation.

5.2. No payment for recruitment. No Commission, reward, Partner level or other economic benefit is earned solely for recruiting or introducing another Partner. Any network-level Commission must be tied to bona fide Qualifying Activity and a legitimate economic basis expressly stated in the applicable Commission Schedule.

5.3. No recruitment or pay-to-qualify requirements. No fee, deposit, purchase, subscription or trading activity is required merely to become or remain a Partner. Eligibility to participate in the Partner Program, maintain Partner status, achieve or retain a Partner level, or receive a network-level Commission must not be conditioned on recruiting a specified number of Partners or on purchases, subscriptions, deposits, trading volume or other expenditure undertaken by a Partner primarily for the purpose of qualifying for or increasing Partner Program compensation. Qualifying Activity must reflect genuine use of an eligible Coingarage product or Service and must not be created, arranged or encouraged primarily to generate or preserve Partner Program rewards.

5.4. Network integrity. A Partner may not buy, sell, transfer, fabricate or manipulate Partner positions, Partner Codes, Partner Network relationships or customer attribution. Coingarage may correct an erroneous hierarchy or attribution and may freeze network-based Commissions while investigating suspected manipulation, artificial activity or other abuse.

6. Commissions

6.1. Commission entitlement. A Partner earns a Commission only when all conditions for the applicable Qualifying Activity are satisfied. A Partner Link click, registration, Partner recruitment, unverified lead or uncompleted transaction does not by itself create a right to payment unless the Commission Schedule expressly states otherwise.

6.2. Commission basis. Commissions may be calculated using net trading fees, subscription revenue, transaction value, product-specific revenue, a fixed reward or another basis stated in the applicable Commission Schedule. Rates may vary by product, campaign, Partner level, network level, jurisdiction, customer segment or other disclosed criterion. Any Commission calculated by reference to transaction value or transaction volume is subject to prior approval. Coingarage will not offer or pay a Commission where the applicable compensation arrangement would require Coingarage or the Partner to hold a license, registration or other regulatory authorization that is not in place. In particular, no transaction-based Commission will be paid in connection with a security, commodity interest or other regulated product where such compensation would require the Partner to be registered, licensed or associated with an appropriately regulated intermediary, unless the required authorization or an applicable exemption is in place.

6.3. Commission Schedule and applicable version. The Commission Schedule displayed in the Partner Program dashboard or otherwise communicated by Coingarage forms part of these Program Terms. Unless a campaign-specific rule expressly states otherwise, the Commission Schedule applicable to a Qualifying Activity is the version in effect at the time the relevant Qualifying Activity occurs. Coingarage may change Commission rates, Partner levels and other Program economics prospectively. A change applies only to Qualifying Activity occurring after the effective time of the change, unless the change is

required to correct a manifest error, fraud, abuse, duplicate attribution or other invalid activity. Accrued and finally approved Commissions will not be reduced retroactively except for corrections, reversals, fraud, chargebacks, duplicate attribution, manifest error or another ground expressly stated in these Program Terms or the applicable Commission Schedule. Coingarage may retain archived versions of Commission Schedules and their effective dates for legal, audit and evidentiary purposes.

6.4. Qualification and settlement. A Commission becomes payable only after the underlying Qualifying Activity is completed, settled, and no longer subject to any applicable reversal, refund, fraud, compliance or verification hold. Coingarage may apply a reasonable pending period disclosed in the Platform.

6.5. Reversals and clawbacks. If the underlying activity is reversed, refunded, charged back, cancelled, fraudulent, abusive, unlawful, generated in breach of these Program Terms, or otherwise ceases to qualify, Coingarage may cancel the Commission, deduct it from future Commissions or amounts in the Bonus Account, or require repayment to the extent permitted by law.

6.6. Costs. Unless Coingarage expressly agrees otherwise in writing, the Commission is the Partner's full compensation under the Partner Program and the Partner bears its own marketing, personnel, travel, tax and operating expenses.

7. Bonus Account, Conversion, Payouts and Invoices

7.1. Bonus Account. Where enabled, approved Commissions may first appear in the Partner's Bonus Account. The Bonus Account is an internal Platform ledger for rewards and does not constitute a bank deposit account, stored-value account, deposit insurance arrangement, investment account or guarantee of payment before the applicable Commission becomes finally payable.

7.2. Conversion to USDC. Where the Platform allows a Partner to convert an eligible Commission balance to USDC, the conversion will occur at the rate, spread, fees and rounding rules displayed or otherwise applicable at the time of conversion. USDC is a third-party Digital Asset; Coingarage does not guarantee its reserves, redemption rights, liquidity or ability to maintain a stated reference value.

7.3. Payout request. Payouts are subject to applicable minimums, verification, 2FA/security requirements, tax documentation, supported payout methods, destination validation, compliance review and any other conditions displayed in the Partner Program. Coingarage may delay or refuse a payout where reasonably required for fraud prevention, sanctions, AML, legal process, security or correction of an error.

7.4. Tax documentation, invoices and payout records. Where the Partner Program provides invoice creation, invoice upload, payout statements or invoice-history functionality, those tools are administrative conveniences and do not mean that an invoice is required for every Partner or every payout. The Partner is responsible for the accuracy and legal sufficiency of any invoice, tax form or other information submitted through the Partner Program. Coingarage may require tax forms, taxpayer identification information or other payment documentation appropriate to the Partner's status and jurisdiction. Availability of an invoice or reporting tool does not transfer the Partner's tax, accounting or recordkeeping obligations to Coingarage.

7.5. Finality and corrections. Payout records, invoice status and Commission history may be corrected where necessary to reflect a reversal, duplicate entry, tax correction, manifest error, fraud determination or other valid adjustment. Coingarage will maintain reasonably available records in the Partner Program dashboard.

8. Taxes

8.1. Partner responsibility. The Partner is solely responsible for determining, reporting and paying all federal, state, local and non-U.S. taxes, duties, social charges and similar obligations arising from Commissions or other benefits received through the Partner Program.

8.2. Tax forms. Coingarage may require a completed IRS Form W-9, applicable Form W-8 series form, taxpayer identification information or other documentation before approving or paying Commissions. Coingarage may withhold amounts or issue information returns where required by law.

8.3. No tax advice. Coingarage does not provide tax advice. Partners should obtain their own professional advice regarding the tax treatment of Commissions, Digital Assets, invoices and payouts.

9. Compliance, KYC, Sanctions and Prohibited Conduct

9.1. Compliance cooperation. The Partner must promptly provide information and documents reasonably requested for identity verification, tax, sanctions, AML, fraud-prevention, legal or risk-management purposes. Participation may be suspended while a review is pending.

9.2. Sanctions and prohibited persons. A Partner must not participate in, promote, facilitate or receive Commissions from activity that would violate applicable sanctions, anti-money-laundering laws, fraud laws or other applicable law. Coingarage may block, reject, delay, freeze or reverse Program activity where required or permitted by law.

9.3. No handling of customer credentials or assets. A Partner must not request or retain customer passwords, 2FA codes, private keys, seed phrases, KYC documents, payment-card credentials or other sensitive authentication data; take custody of customer funds or Digital Assets; or instruct a customer to send assets to the Partner for forwarding to Coingarage.

9.4. No market abuse. The Partner must not use the Partner Program to facilitate wash trading, spoofing, layering, manipulation, artificial volume, abusive bot activity or other market-abusive or deceptive conduct.

10. Customer and Personal Data

10.1. Platform-controlled onboarding. Customer registration and KYC must occur through Coingarage-approved systems. A Partner should direct a prospective customer to the Platform rather than independently collecting information that Coingarage requires for onboarding.

10.2. Personal data. If a Partner independently collects personal information for its own marketing, the Partner is responsible for complying with applicable privacy and marketing laws, including providing required notices, obtaining any required consent, honoring applicable rights and securing the information. .

10.3. Customer confidentiality. Information obtained through the Partner Program dashboard about customers, partners, network members, Commissions, transactions or activity is confidential and may be used only for authorized Partner Program purposes.

11. Confidentiality and Records

11.1. Confidential information. Confidential information includes nonpublic commercial terms, Commission rates not designated public, customer or Partner information, product roadmaps, security information, technical information, business plans and other information that is confidential by nature or designation.

11.2. Protection duty. The Partner must protect confidential information using at least reasonable care, may disclose it only to personnel or professional advisers who need to know it and are bound by equivalent confidentiality obligations, and may use it only to perform under these Program Terms.

11.3. Required disclosure. A Partner may disclose confidential information if legally required, provided the Partner gives Coingarage prompt notice where legally permitted and reasonably cooperates in seeking confidential treatment.

11.4. Duration. The confidentiality obligation applies during participation and for ten (10) years after termination, except that trade secrets must be protected for as long as they remain trade secrets under applicable law.

11.5. Records. The Partner must maintain records reasonably necessary to demonstrate compliance with these Program Terms, including material marketing claims and required disclosures, for at least three (3) years or longer where applicable law requires.

12. Intellectual Property

12.1. Ownership. Coingarage and its licensors retain all rights in the Platform, Partner Program, trademarks, logos, content, software, interfaces, documentation and marketing materials. No ownership rights are transferred to the Partner.

12.2. Limited license. While the Partner remains approved, Coingarage grants a limited, revocable, non-exclusive, non-transferable license to use approved Partner Program materials solely to perform authorized Partner Program activity.

12.3. End of license. On suspension or termination, the Partner must promptly stop presenting itself as an active Coingarage Partner and cease use of Coingarage marks except as legally required to retain records or identify historical transactions.

13. Monitoring, Audit and Program Integrity

13.1. Monitoring. Coingarage may monitor Partner Links, traffic sources, promotional content, attribution patterns, network relationships, customer activity and payout behavior to administer the Partner Program, prevent abuse and satisfy legal obligations.

13.2. Information requests. The Partner must reasonably cooperate with requests concerning traffic sources, marketing channels, disclosures, customer attribution, tax status or suspected abuse. Failure to cooperate may result in suspension or termination.

13.3. Correction authority. Coingarage may correct attribution, Commission calculations, Partner Network relationships and payout records where necessary to address manifest error, duplicate attribution, manipulation, fraud, system malfunction or breach of these Program Terms.

14. Inactivity, Suspension and Termination

14.1. Voluntary Inactivity. A Partner may stop promoting or otherwise actively participating in the Partner Program at any time simply by ceasing Partner Program activity. Inactivity by itself does not terminate the Partner's participation in the Partner Program and does not automatically disable existing Partner Links or Partner Codes. Qualifying Activity attributed through existing Partner Links or Partner Codes may continue to generate Commissions while those links or codes remain active, subject to these Program Terms and the applicable Commission Schedule. A Partner may request formal closure of its Partner Program participation through the Platform or an available support channel.

14.2. Suspension or termination by Coingarage. Coingarage may suspend or terminate participation, disable Partner Links or Partner Codes, freeze pending Commissions, or restrict Partner Program functionality on reasonable notice, or immediately where the Partner breaches these Program Terms, creates legal or reputational risk, engages in fraud or manipulation, fails a compliance review, violates sanctions or law, makes misleading claims, misuses customer data, or where Coingarage discontinues the Program or relevant jurisdiction.

14.3. Effect of Formal Termination. If the Partner's participation is formally terminated by Coingarage under Section 14.2 or formally closed at the Partner's request, the Partner's right to generate new Partner Program activity and use Coingarage marks ends, and Coingarage may disable the Partner's Links and Partner Codes. Validly accrued Commissions remain subject to final verification, reversals, tax documentation, offsets and payout rules. Unless the applicable Commission Schedule expressly provides otherwise, no new Commission accrues from Qualifying Activity occurring after the effective time of formal termination.

14.4. Survival. Provisions concerning confidentiality, taxes, intellectual property, corrections, liability, indemnification, dispute resolution and other provisions that by their nature should survive will survive termination.

15. Warranties, Liability and Indemnification

15.1. Partner warranties. The Partner represents that its participation, marketing and business activities comply with applicable law; that it will not make unauthorized statements on behalf of Coingarage; and that information it provides to Coingarage is accurate and current.

15.2. Program availability. The Partner Program, tracking, dashboard and reporting are provided on an “as is” and “as available” basis to the maximum extent permitted by law. Coingarage does not guarantee uninterrupted tracking, a particular volume of Partners, any minimum Commission, continued availability of a product or a particular Partner level.

15.3. No guaranteed earnings. Coingarage does not guarantee that participation will generate income. Commission results depend on actual Qualifying Activity and the applicable Commission Schedule.

15.4. Limitation of liability. To the maximum extent permitted by law, neither party is liable to the other for indirect, incidental, special, consequential, exemplary or punitive damages, or lost profits, arising from the Partner Program, except to the extent such limitation is prohibited by law. Nothing in these Program Terms excludes liability that cannot lawfully be excluded.

15.5. Indemnification. To the extent permitted by law, the Partner will indemnify and hold harmless Coingarage and its affiliates, officers, managers and personnel from third-party claims, losses, penalties and reasonable costs arising from the Partner’s unlawful or unauthorized marketing, breach of these Program Terms, misuse of intellectual property or customer data, or acts outside the authority granted by Coingarage.

16. Changes to the Partner Program and Program Terms

16.1. Program changes. Coingarage may add, modify, suspend or discontinue Partner Program features, products, campaigns, attribution methods, Partner levels, payout methods or future Commission rates. Material changes will be communicated through the Platform, Partner Program dashboard, email or another legally permitted method.

16.2. Prospective Commission changes. Unless required to correct an error, fraud or breach, changes to Commission rates apply prospectively to Qualifying Activity occurring after the effective time of the change. A Partner may stop participating if it does not agree to the change.

16.3. Updated terms. Continued Partner Program activity after revised Program Terms become effective constitutes acceptance to the extent permitted by law.

17. Notices and Electronic Communications

17.1. Electronic communications. The Partner consents to receive Program notices, Commission statements, policy updates and contractual communications electronically through the Platform, Partner Program dashboard or email to the extent permitted by law.

17.2. Contact information. The Partner must maintain accurate contact, business, payout and tax information. Notices to Coingarage may be submitted through the Platform or to support@coingarage.us. Written correspondence may be sent to Coingarage US LLC, 1001 S MAIN ST, STE 600, KALISPELL, MONTANA 59901, USA.

18. Final Provisions

18.1. Assignment. The Partner may not assign, sell or transfer its Partner Program relationship, Partner Network position, Partner Code, rights to Commissions or obligations under these Program Terms without Coingarage’s prior written consent. Coingarage may assign these Program Terms to an affiliate or successor in connection with a merger, reorganization, sale of business or similar transaction, subject to applicable law.

18.2. Governing law. These Program Terms and related contractual rights and obligations are governed by the laws of the State of Montana, without regard to conflict-of-laws rules, except to the extent mandatory federal law or non-waivable law of another jurisdiction applies.

18.3. Courts and venue. Before filing a lawsuit, the parties should attempt in good faith to resolve the dispute through available support or complaint channels. Subject to any non-waivable right to bring a claim elsewhere, each party consents to the exclusive jurisdiction of the state courts located in Flathead County, Montana, and, where federal subject-matter jurisdiction exists, the United States District Court for the District of Montana.

18.4. Severability. If any provision is held invalid or unenforceable, it will be enforced to the maximum extent permitted and the remaining provisions will remain in effect.

18.5. Waiver. A failure or delay in enforcing a provision is not a waiver of that provision or any other right.

18.6. Entire agreement. These Program Terms, the applicable Commission Schedule and documents expressly incorporated by reference constitute the agreement concerning the Partner Program and supersede prior agreements on the same subject, except for any separate written agreement expressly stated to control.

18.7. Language. These Program Terms are written in English. Any translation is provided for convenience only. To the extent permitted by law, the English version controls in the event of inconsistency.

18.8. Electronic Acceptance. Electronic acceptance of these Program Terms through the Platform or Partner Program dashboard has the same legal effect as a written signature to the extent permitted by applicable law. Coingarage may retain the Partner's acceptance record, the applicable version of these Program Terms and related electronic records for legal, audit and evidentiary purposes.

18.9. Effective Date. These Program Terms are effective from September 29, 2026.

Appendix A – Commission Schedule Framework

The economic terms of the Partner Program are configuration-driven and may differ by product, campaign, Partner level, network level, jurisdiction or customer activity. The Partner Program dashboard or a separately issued Commission Schedule should identify, as applicable:

• the eligible product or campaign;

• the Qualifying Activity;

• the Commission basis (for example, net trading fees, subscription revenue, transaction value or a fixed reward);

• the Partner/network level (for example, direct Partner / Level 1 and any enabled network levels);

• the applicable rate or fixed amount;

• the pending or settlement period;

• the minimum payout amount and supported payout method;

• the payout currency or Digital Asset, including any conversion method where applicable; and

• any campaign-specific exclusions, caps, expiry dates or clawback rules.

No Commission is payable solely for recruitment of another Partner. Any network-level Commission must be based on actual Qualifying Activity as defined by the applicable Commission Schedule.

Appendix B – Partner Marketing Disclosure Examples

These examples are intended to support clear disclosure of the Partner's material connection to Coingarage. They do not replace the Partner's obligation to ensure that disclosures are clear, conspicuous and appropriate for the relevant medium and jurisdiction.

• General: "I earn a commission from Coingarage if you sign up or use eligible services through my link."

• Short-form/social: “Paid partner of Coingarage” or “I may earn a commission from Coingarage.”

• Long-form content: Place the disclosure close to the recommendation and Partner Link rather than only in a profile, footer or separate terms page.
